EPA-HQ-2014-000267	Dr. Antonio Gargano		To whom it may concern, My name is Antonio Gargano and I am an Assistant Professor of Finance at the University of Melbourne. Professor Alberto Rossi and I, are working on an academic project aimed to analyse the impact of the Freedom of Information Act on financial markets. For this purpose we would like to request all the FOIA logs from the first to the last available date. In particular we are interested in the following details 1) Request ID 2) Date of request 3) Closed Date 4) Requester 5) Requester affiliation 6) Motivation / request description (as detailed as possible) This is the minimum set of information we need, if other details are available do not hesitate to add them. Moreover, we would greatly appreciate if this info could be provided to us in an excel file, otherwise a PDF file would work as well. For your convenience we have attached an example of a FOIA log request which would fit our needs. Kind Regards, Antonio and Alberto	10/17/2013

EPA-HQ-2013-010354	Mr. Brandon W Heck	University of California Santa Cruz	Hello, My name is Brandon Heck and I am a 3rd year PhD student in economics at the University of California Santa Cruz. I am interested in working on a project (as my dissertation or part of) linking air quality action days to hospital visits in order to assess the existence and/or magnitude of positive health effects due to action days. I have access to hospital records (inpatient, outpatient, and emergency department visits) for California, and may also be able to obtain data for other states as well, which will depend on the frequency of action days in those states as well as the fees associated with obtaining the records. Given the above, my request is for a list of all national action days with their location and preferably the forecasted air quality index (and/or pollutant level), and the pollutant that caused the action day to be called. If it is of any assistance, I believe that Alison Sexton made a very similar request for work that she did on the effect of action days on time spent performing vigorous activities. As far as timing, as much time as possible is preferable (as far back as is feasible and as most recent as is feasible). Thank you very much for your time and please let me know if you have any questions on my request.	9/26/2013

EPA-R2-2015-000978	Miss Ashley Hatfield	Tetra Tech	Dear Records Management Officer: (1) Please email the following records if possible: Tetra Tech Inc. (Tetra Tech) is conducting a Phase I Environmental Site Assessment (ESA) at City of Rome, Tannery Road Landfill, Rome, NY. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (REC) that may have an adverse environmental impact upon the subject property. Tetra Tech is requesting any records you may have concerning the property of interest. Any assistance from your office would be greatly appreciated. (2) If all the requested records cannot be emailed to me, please inform me by email of the portions that can be emailed and advise me of the cost for reproducing the remainder of the records requested (\$0.25 per page or actual cost of reproduction). (3) If the requested records cannot be emailed to me due to the volume of records identified in response to my request, please advise me of the actual cost of copying all records onto a CD or floppy disk. (4) If my request is too broad or does not reasonably describe the records, please contact me via email so that I may clarify my request, and when appropriate inform me of the manner in which records are filed, retrieved or generated. If it is necessary to modify my request, and an email response is not preferred, please contact me at the following telephone number: 585-899-6183. If for any reason any portion of my request is denied, please inform me of the reasons for the denial in writing and provide the name, address and email address of the person or body to whom an appeal should be directed. Thank you in advance for spending time on this matter.	10/28/2014
EPA-R10-2015-000766	Mr. Justin B Hayes	Idaho Conservation League	I have previously received (via FOIA) a copy of NPDES permit number ID-000119-8 governing certain discharges from the P4 (Monsanto) facility at Soda Springs, Idaho. NPDES permit number ID-000119-8 expired in 1987. I have been told that this permit was administratively extended. Through this FOIA request, I would like to receive a copy of P4's application for re-issuance of an NPDES permit and EPA documents that demonstrate that this application was timely and determined to be complete prior to the granting of the administrative extension. In addition, I would like a copy of any and all applications that P4 has made to EPA regarding this NPDES permit that are more recent than its 1987 application. Also via a previous FOIA I received a copy of a 2/5/14 letter from EPA to P4 regarding a EPA September 17, 2013 NPDES compliance inspection. I would also like copies of any correspondence between EPA and P4 that follow up on the issues presented in the 2/5/14 letter or any correspondence that discusses P4 needing to apply for a new NPDES permit. Thank you - Justin Hayes	10/23/2014

EPA-HQ-2014-003243	Thomas Keegan	Gemini Group	I have a table of all active community water systems (CWSs) in the U.S. with populations served as one of the fields; however, many states report their wholesale CWSs' population counts to include consecutive systems even though they don't serve them directly. For example, in my table Massachusetts reports the wholesaler MWRA's population as 2.6 million. Each consecutive system served by MWRA in turn has their own population recorded in the table, which essentially double counts the population totals for the state: when I sum the population field in my MA table I get a number that far exceeds the actual population of Massachusetts. Question: can you create a table that shows which PWSIDs for U.S. CWSs that are retail and which are strictly wholesale? I'm not sure which fields to request for this output so I'll leave that to you. Thanks so much in advance. Tom Keegan	2/3/2014

EPA-HQ-2015-000289	Robert Wampler	The National Security Archive	Documents relating to the United Nations Climate Change Conference in Doha, Qatar, which took place from 26 November to 8 December 2012. It included the eighteenth session of the Conference of the Parties (COP 18) to the United Nations Framework Convention on Climate Change (UNFCCC) and the eighth session of the Conference of the Parties serving as the Meeting of the Parties to the Kyoto Protocol (CMP 8). The conference also included meetings by five subsidiary bodies: the thirtyseventh sessions of the Subsidiary Body for Scientific and Technological Advice (SBSTA 37) and the Subsidiary Body for Implementation (SBI 37), the second part of the seventeenth session of the Ad hoc Working Group on Further Commitments for Annex I Parties under the Kyoto Protocol (AWG-KP 1 7), the second part of the fifteenth session of the Ad hoc Working Group on Longterm Cooperative Action under the UNFCCC (AWG-LCA 15) and the second part of the Ad hoc Working Group on the Durban Platform for Enhanced Action (ADP 1). Negotiations in Doha focused on ensuring the implementation of agreements reached at previous conferences. The package of "Doha Climate Gateway" decisions adopted on the evening of Saturday, 8 December, included amendments to the Kyoto Protocol to establish its second commitment period. Having been launched at CMP 1 in 2005, the AWG-KP terminated its work in Doha. The parties also agreed to terminate the AWGLCA and negotiations under the Bali Action Plan. Key elements of the outcome also included an agreement to consider institutional mechanisms to address loss and damage in developing countries that are particularly vulnerable to the adverse effects of climate change. The scope of the search for relevant documents would include, but not be limited to, documents prepared for the EPA Administrator Lisa P. Jackson and/or any other EPA officials who were	10/8/2014

In particular, we hereby request a copy of the report prepared by USEPA Environmental Engineer, Francisco Claudio, or any other USEPA employee, regarding Holsum's permit application (PFE-TV-2051-70-0611-0368) and the results of the stacks tests taken at Holsum's facility on September 18, 2013 and detailed in the November 30, 2013 Emissions Testing Report "Bread & Buns Oven Stacks, prepared by Lorenzo R. Iglesias Associates (the "Report"). The stacks tests and results discussed and analyzed in the Report were taken in accordance with the protocols approved by EQB and under the supervision of an EQB technician. The Report was provided to Mr. Francisco Claudio by electronic mail from Holsum's Compliance Officer, Nestor Hernandez, on March 3, 2014 after Mr. Claudio's visit to Holsum's facility earlier that same day. The Report shows that Holsum's facility is not a major source of Volatile Organic Compounds.	7/31/2014

EPA-R2-2014-007727	Mr. Gordon Brandon	Morse Associates, Inc.	I request permission to review all USEPA documents related to the site of the former Federal Pacific Electric Company located at 16 Herbert Street in Newark, Essex County, NJ 07150, identified as Block 5030, Lot 80. Alternate addresses for the Federal Pacific Electric Co. may be 50 Paris Street, Newark, NJ and 207 Avenue L, Newark, NJ. The Federal Pacific Electric Co. NJ site was listed as a NJ Superfund site. While I am interested in reviewing all documents, my primary interest is related to asbestos and asbestos abatement, boilers or furnaces, and heating plants. I would like to review all records relating to asbestos and asbestos removal since initial construction, including asbestos surveys, notifications, drawings or plans, lab analyses, and abatement activities at this site. If available, I would also like to review any original construction or renovation documentation, including construction drawings, plant layout, location of USTs, since initial construction. I would also like to review any reports relating to the site, including the following: 1989 preliminary assessment of the Federal Pacific Electric Company site located at 16 Herbert Street in Newark, NJ; 1991 report prepared under ECRA, relating to a large asbestos abatement project conducted at the 16 Herbert Street site in 1990-1991, entitled "Asbestos Abatement and Air Quality Monitoring at Federal Pacific Electric Co. - 16 Herbert Street, Newark, NJ." Federal Pacific manufactured circuit boards and switchgear; if available, I would also like to review any documentation related to the history of plant operations or inspections and the use of asbestos or asbestos-containing materials in its production operations. Thank you for your assistance.	6/24/2014

EPA-HQ-2014-000496	Mr. Michael A Gange	City of Fort Worth	The City of Fort Worth has received a letter from the U.S. Environmental Protection Agency's National Risk Management Research Laboratory dated April 26, 2013. In accordance with the letter's instructions we have contacted the AACM Inquiries Team, however we have not received responsive answers to the questions we have asked in order to clarify the content of that letter to our understanding. In order to expedite receiving our requested information the City of Fort Worth under the Freedom of Information Act requests: The letter made conspicuous and alarming mention of technical deficiencies related to the AACM31 study without any description of what those specific deficiencies were. Therefore please provide all information related to all cataloged technical deficiencies for all of the AACM projects. All documentation related to the recent re-review of documents related to the AACM, and data generated during and after demolitions as referenced in the April 26, 2013 letter from EPA to the City of Fort Worth. Supporting documentation should include but not be limited to emails, interoffice memorandums, letters, laboratory reports, general reports, photographs, chain of custody documentation, meeting minutes, telephone logs, file notes, etc. To ensure understanding of our request we have attached the April 26, 2013 that the City of Fort Worth received from the EPA. The City of Fort Worth understands there may be a cost of up to \$25.00 to process the request. Fort Worth will consider paying more to receive this request and we ask that EPA provide cost information to the City to allow us to make a decision. If you have questions regarding this request, please contact Michael Gange, Assistant Environmental Management Director, at 817-392-6569.	10/24/2013

EPA-R3-2014-000173	Ms. Jennifer G Meyer	Langsam Stevens Silver & Hollaender	I am requesting EPA documents related to Grave Resource Management Company or its owner, Albert F. Ingram, who operated at Clearview Landfill and Darby Creek, located in Darby Township, PA 19023. According to news articles at the time, Grave Resource Management Company operated at Clearview Landfill in the early 1980s. These newspaper stories and other sources indicate that Grave handled barrels or drums of hazardous waste. (See "New tests at landfill demanded," Delaware Co. Daily Times, Jun. 28, 1984 attached.) Under RCRA, Grave should have been required to produce annual reports as well as maintain copies of manifests. In addition, Grave should have submitted a Part A and Part B permit application as a storage facility. Please provide any records, manifests, permits, permit applications, annual reports, inspection reports, enforcement documentation, correspondence, or any other documents on file for Grave Resource Management Company or Albert Ingram during the period the company was operating at Clearview Landfill. Grave Resource Management Company also operated a facility in West Virginia, possibly in the Poca area where Albert Ingram resided. (See "Charges are brought against toxic dumper," Philadelphia Tribune, Jun. 22, 1984: "Jane Luffy, spokeswoman for EPA, said that the agency was aware of Ingram's involvement on a landfill they cleaned up in West Virginia, but she could not respond about his involvement in Pennsylvania.") Please also provide any records, manifests, permits, permit applications, annual reports, inspection reports, enforcement documentation, correspondence, or any other documents on file for Grave Resource Management Company or Albert Ingram during the period the company was operating in West Virginia. Please contact me if you might exceed \$25 in processing fees - thank you.	10/11/2013

EPA-R4-2014-000349	Amy Clark	Petrillo and Jones	Good morning, Ms. Gross. Pursuant to our conversation, this e-mail will serve as our FOIA request for any inspections of, violations issued to, or investigations into the operation of the following Central Florida company: Green Tire Recycling, Inc. 10195 Boggy Creek Road Orlando, FL Any violations or investigations would fall under the heading of solid waste, as they were operating a tire collection and shredding facility. We are aware that the State and local EPD's have investigations; however, we are unsure if the Federal EPA was involved or not. The time frame would be between 2009-2012. The company in its present form was shut down in December, 2012. Please let me know if you need any further information with regard to this. Thank you.	10/21/2013

Supporting documentation is in the attached files. Recently the following announcement was issued: Announcement Number: CI-OSWR-MP-2014-0038 Position Title: Environmental Protection Specialist (Leader) I received the below email from Erica Canzler to respond to nine (9) questions to reduce the number of applicant from 30 to 5: Hello, You have qualified for consideration for the OEM Consequence Management Advisory Division Team Leader position that was recently advertised. I have received over 30 applications today and have to return a selection decision to HR by July 18. Given the short turnaround time and the need to interview all candidates, the first round of interviews are being conducted in writing. All candidates still interested in the position must answer the questions at the end of this email and return your response to me via email by midnight on July 10. An interview panel has been established that will review the responses and select the top 5 candidates for a second round of interviews to be conducted by phone. The second round of interviews will be conducted the week of July 14. I recognize this is a short period of time but I appreciate your understanding as we are trying to work within the provided schedule. If you have a unique circumstance that prevents you from sending in a response by July 10, please let me know immediately. If you are not selected for the second round of interviews or for the position, I will contact you and let you know. I look forward to filling the Team Leader position! On 16 July 2014 in the below email from Erica Canzler, I was informed that I was not selected as one of the top 5 candidates for the next round of interviews. I wanted to follow up and notify you that you were not selected as one of the top 5	8/18/2014
EPA-R8-2014-008927	Eric Blom	The Ranger	I would like records of communications between EPA officials and anyone in Encana Oil and Gas (USA) and the Wyoming Governor's Office, Wyoming Department of Environmental Quality and Wyoming Oil and Gas Conservation Commission regarding the decision, announced June 20, 2013, for EPA to cease its investigation into groundwater near Pavillion, Wyo. for the State of Wyoming to lead that investigation. Records of communications could be emails, letters, notes from meetings between EPA officials and those of the other entities, notes from phone conversations, etc. I would like records of such communications from or to anyone working for EPA who was involved in the study or who was involved in the decision for EPA to stop its study and let Wyoming take it over. EPA-R4-2013-010259	Mike Mason	WLOS	RE: FOIA Appeal HQ-APP-2013-009167 (EPA-RS-2013-007645) Appeal Denial Dated: September 17, 2013 This note is in reference to a recent FOIA Appeal Denial I received in the mail from Scott Albright, Acting Assistant General Counsel for EPA's General Law Office, sent on September 17, 2013. On May 30, 2013 I requested the NUS Corporation Field Logbook No. F4-2407 for CTS of Asheville, Inc., TDD No. F4-9004-52. The EPA determined the requested documents could not be located and neither the EPA nor NUS had copies available, although I was not provided a reason as to how these records had become lost or misplaced. I appealed the EPA's determination that the records could not be located and my request for an appeal was denied in a letter from EPA to WLOS on September 17, 2013. In that letter Mr. Albright states, "I have reviewed a detailed accounting of the search for this record...the referenced record cannot be located." Therefore, WLOS is requesting the following information per the FOIA: Any and all accounting of the EPA's search for the document in question. Any and all correspondence between any branch of the USEPA and NUS Corporation (now known as Tetra Tech, Inc.) in regards to efforts made by EPA to locate the documents in question. Please provide all correspondence regarding this issue between the dates of February 1, 1991 to September 24, 2013, including emails, notes, letters, memos, etc. I appreciate your cooperation and look forward to hearing from you soon,	9/24/2013

Â§ 552, I request access to and copies of notices of intent to sue submitted to the EPA under 33 U.S.C. Â§ 1365 (b)(1)(A). I also request any responses to such notices made by the Administrator to the citizen. Specifically, I am requesting notices and responses for the years 1988 to 2011. I would like to receive the information in electronic format. As I am making this request as a scholar and this information is of timely value, I would appreciate your communicating with me by telephone or email (both provided with contact information above), rather than by mail, if you have questions regarding this request. In order to help to determine my status to assess fees, you should know that I am affiliated with an educational institution and this request is made for a scholarly purpose and not for commercial use. This research is directed toward understanding the effectiveness of government operations in the EPA's interaction with citizen plaintiffs. If there are any fees for searching or copying the records, please let me know before you fill my request. Or, please supply the records without informing me of the cost if the fees do not exceed \$50, which I agree to pay. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. Thank you for your assistance. Sincerely, Paul J. Gardner	10/28/2013

EPA-HQ-2014-002223	Mr. David A Reece	Jacobs	I request a list of recipients and the dates of all letters sent since January 1, 2010 by EPA under authority of Section 308 of the Clean Water Act to Publically Owned Treatment Works in the United States. Specifically, I'm looking for those letters in which EPA has cited its authority under Section 308 in asking major municipal dischargers of wastewater (those discharging 1.0 million gallons per day or more) to provide information regarding performance of their separate and combined collection systems, treatment facilities and compliance with their NPDES permits. I originally made this request by letter to Cynthia Giles in February of 2012 and have not received any response so I am resending this through the website. I appreciate your time and effort in this matter. If there are any questions concerning this request please contact me at david.reece@jacobs.com or 865-966-1000.	12/31/2013

EPA-R2-2014-010157	Carol Kenney		I am requesting information from a dune violation issued to the city of Long Beach, NY approximately 4 years ago. The highway/maintenance workers used bulldozers and other equipment to re-design the dunes. They were issued violations. The area I am especially interested is the dunes at the end of Nevada Ave. in Long Beach, NY. I believe the residents of Long Beach reported the issue to the EPA. I do not know what came of that. During Hurricane Sandy the dune collapsed due to the storm. There was nothing to hold the dunes and 3 1/2feet of sand was deposited on our street. Prior to the Hurricane our walkway cut right through the dune so when the storm hit there was nothing to hold the ocean back. While some things are natural disasters, I want to know if my city took the necessary precautions prior to the storm. I am requesting information on the findings which related in violations issued to the city of Long Beach, NY.	9/8/2014

EPA-HQ-2014-009924	Mr. Graham Lewis	The Eugene Occupier	My newsletter and its sponsor, OCCUPY EUGENE, are vitally concerned about commercial products containing neonicotinoids. Please explain exactly why the EPA still allows these products to be manufactured and distributed for retail sale when there is conclusive scientific data that show that they kill bees and other pollinators that are essential to basic crop growth. Why have you not made a bold statement castigating corporations such as Monsanto and Bayer for producing and promoting products that do such massive and irreparable harm to our planet? EPA-R2-2013-010012	Mr. Basil Khan	University of Waterloo	See attached for a list of industrial facilities in NY that discharge to POTWs. We need information for: 1. Water consumption (water withdrawals) in MGD 2. Wastewater treatment in MGD -measured average daily and maximum daily flow 3. Measurement of pollutants in the effluents (this is not available in the DMR or effluent data on ECHO) 4. Treatment processes used / types of equipment used (facility description) 5. Application of water in the industry (cooling, general food manufacturing, etc.) All or some of this information is usually available in the permits. We were able to find this information in the other states (like CA). Let us know approximately how much it will cost to get the data above (listed by highest to lowest in priority) or to get the permits for the facilities in the attached excel file. Also, if you could let us know how much it would cost to get the NPDES permits for all the industrial facilities in NY as well as water use permits for the different industrial facilities, this would help us further in our research. It will also be convenient if these are available in pdf or excel formats (online) instead of hard copies. Thank you for your time. Regards, Basil Khan	9/17/2013

EPA-R3-2014-001351	Gregory McKee		I need additional information regarding a RCRA Corrective Action Permit that was issued for the Former Appliance Park East manufacturing facility in Columbia, Maryland (EPA ID: MDD046279311). Specifically, I am interested in any remediation/sampling efforts that occurred on the parcel identified as A64 (Vehicle Maintenance Building) in the permit. Additionally, I would like to view the Verification Investigation Report of July 20, 1992 which I believe contains information regarding remediation of a UST that was removed from the parcel. As I understand the EPA has determined that No Further Action is required for this parcel (A64). Please provide any information regarding this parcel with respect to the remediation required by the Corrective Action Permit as well as any past or present USTs on this parcel (only interested in parcel A64). I have already reviewed the information provided on the fact sheet on the EPAs website, including what appears to be the most recent Corrective Action Permit, Final Response Decision and Response to comments with respect to the entire facility. Please contact me at 717-903-5399 if you have any questions. Thank you!	11/22/2013

EPA-R2-2015-000283	Dr. Leonardo Giacchino	Solutions Economics, LLC	Pursuant to the Freedom of Information Act, I request that you provide me with a copy of any and all documents, including electronic documents, regarding permit applications received by your agency, permits issued by your agency and submarine power cables in the Long Island-New York City Offshore Wind Project currently under development by Consolidated Edison, Inc., the Long Island Power Authority, and New York Power Authority. The Long Island-New York City Offshore Wind Project will have a capacity of between 350MW and 700MW and will be located southwest of the Rockaway Peninsula in the Atlantic Ocean. The Long Island-New York City Offshore Wind Project filed an offshore land lease application with the Bureau of Ocean Energy Management, Regulation and Enforcement in September 2011. The scope of this request is limited to (1) any permit applications received by your agency concerning the project; (2) any permits issued by your agency concerning the project; and (3) documents regarding any submarine power cables related to the project. The project is described in greater detail at http://www.linycoffshorewind.com/faq.html (Attachment A). I hope that this background will help your agency to locate related records. I am willing to incur search and copying expenses for this request up to and including \$500.00. Should search and copying expenses exceed this amount, please provide an estimate of those expenses. Thank you for your prompt consideration of this request. If you have any questions, please do not hesitate to contact me at leonardo.giacchino@solutionseconomics.com or (202) 525-1352 x100.	10/8/2014

Â§ 552, I request access to the records concerning citizen petitions filed with the EPA from CY 2000 â€” 2013. Specifically, for each petition, I am requesting data on: â€” Date petition was filed; â€” Petitionerâ€™s name; â€” Petitionerâ€™s affiliation (e.g., firm); â€” Petitionerâ€™s address (if available); â€” Brief description of the petition; â€” Office within EPA handling the petition; â€” Statute that the petition pertains to (if relevant); â€” EPAâ€™s response (granted in part, denied in part, granted, denied, pending, etc.) â€” Date of EPAâ€™s response â€” Whether EPA issued any interim response I would like to receive the information in electronic format. As I am making this request as a scholar and this information is of timely value, I would appreciate your communicating with me by telephone (323.630.0304) or email (rapotter@virginia.edu), rather than by mail, if you have questions regarding this request. In order to help to determine my status to assess fees, you should know that I am affiliated with an educational institution and this request is made for a scholarly purpose and not for commercial use. If there are any fees for copying the records, please let me know before you fill my request. Or, please supply the records without informing me of the cost if the fees do not exceed \$200, which I agree to pay. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your reply within 20 business days, as the statute requires. In addition, CDC and ADPH representatives collected water samples from cooling towers at at least one other facility, Regency Mall Square, 301 Cox Creek Pkwy, Florence, AL 35630. Sara Tomczyk, representing the CDC, and James Congleton, representing the ADPH, attended at least one of these sampling events. In response to a FOIA request to the CDC (14-00076-FOIA), the CDC stated that it "does not maintain" records "pertaining to the test results of samples taken during the week of August 14, 2013 ..." in Florence, Alabama. The CDC suggested that we "contact the U.S. Environmental Protection Agency for the data [we] seek." Consequently, this is a request for every document/all information received by the USEPA from the CDC, the ADPH, or any other source which in any material way relates to the investigation of Outbreak 13-1, including but not limited to samples, sampling protocols, and test results for samples collected at Southwire Company, Glennwood Nursing Home, Regency Square Mall, and every other location sampled in the course of the investigation by the CDC and the ADPH into Outbreak 13-1 and/or an apparent outbreak of Legionella bacteria in Florence, Alabama in October 2013. EPA-HQ-2015-000771	Mr. Stuart A Walker		Dear FOIA Officer, I am seeking, under the Freedom of Information Act and the Privacy Act the status of processing of previous FOIA requests related to investigations by the EPA Office of the Inspector General (OIG) pertaining to me, Stuart Walker, an employee of OSWER. The requested information includes an answer on why EPA is overdue by 9 months on one FOIA request and over 6 months on a second FOIA request. The overdue FOIA requests that I previously submitted are: (1) EPA-HQ-2014-002025, which was submitted on 12/19/2013 and was due on 01/21/2014, and (2) EPA-HQ-2014-004684, which was submitted on 03/18/2014 and was due on 04/15/2014. Both of these overdue FOIAs are listed on the FOIA online database as in the middle of five phases, the "Assignment" phase, and they have not yet moved to the fourth phase of "Processing." On 01/28/2014, I received an email from EPA with the following information regarding the first FOIA. "Dear Mr. Walker: Thank you for your inquiry on FOIA request EPA-HQ-2014-002025. The case has recently closed and I just received the potentially responsive files yesterday. Rather than send you another (b)(7)(A) letter while the case was in its final stages, we decided it best to hold off on the response so we could get you the documents. The next stage is for the case file to enter our processing queue for review and any necessary redactions, before we can send you the requested material. I estimate this to take a few weeks due to other pending cases already in the queue. If it is a large case file, we may be able to provide interim responses but I will not know that until we begin the review. Feel free to contact me if you have any additional questions. Best regards, Scott Scott Levine Associate Counsel / OIG FOIA Officer" I would like to receive an interim response if any material has been gathered in answering these two FOIAs, and an estimate of when EPA	10/23/2014

EPA-R8-2014-008914	Mr. John F Lacey	McGarvey, Heberling, Sullivan & Lacey	On April 28, 2014, pursuant to multiple conversations with and the advice of Libby Project Mgr Dania Zinner , I submitted a FOIA request for a digital INDEX regarding all Libby Asbestos Superfund Site, OU4 Documents. See Request EPA-R8-2014-006022. On May 28, 2014, that request was fully granted and I received the OU4 Index in the digital form of two MS Excel spreadsheets, one labeled "title" and the other "description." I wish now to request many of the actual documents listed in each OU4 Index that I received on May 28. I am attaching here and referencing as my present formal request one REVISED "title" index and two separate REVISED "description" Indexes derived from the two that I received on May 28; documents identified as "newspaper articles" in the "description" index have been pulled out into their own index, and this request seeks to have all such "newspaper article" documents provided separately. Deleted from each original Index/spreadsheet are the documents that I do NOT wish to obtain. I do wish to receive ALL documents (still) listed on each attached Index. Please consider the submission of these three indexes as a request that you send me ALL the documents identified therein. As possible, I wish to receive all documents in a digital format. Thank you for your assistance.	7/28/2014

EPA-HQ-2015-000772	Mr. Stuart A Walker		Dear FOIA Officer, I am seeking, under the Freedom of Information Act and the Privacy Act an answer related to investigations by the EPA Office of the Inspector General (OIG) pertaining to me, Stuart Walker, an employee of OSWER. The requested information includes but is not limited to the OIG investigation that occurred during the timeframe of November 10, 2010 to March 17, 2014, regarding my answering a FOIA as part of my duties for EPA working on issues regarding the remediation of radioactively contaminated sites. The EPA OIG issued a report entitled "Summary of Closed Employee Integrity Cases: October 1, 2013 to March 31, 2014" which may be found at this website and is also attached to this request. http://www.epa.gov/oig/reports/2014/OI-Summary_of_Closed_Employee_Integrity_Cases_3-31-14.pdf I would like to know if the discussion of the one closed cases for GS 14/15 category is referring to the OIG investigation of me, Stuart Walker. The text from the OIG report is as follows "Unauthorized Release of Information Unsubstantiated: A GS-14 EPA employee allegedly released inappropriate information to a journalist, who used the information in a published article. The investigation determined that the employee did not violate any regulation and that, at the time, the EPA's policy for Freedom of Information Act responses was ambiguous. Since the investigation did not reveal any regulation the employee would have violated by releasing the information, the investigation was closed without further action." I would like to receive both an answer to whether or not this closed investigation is referring to me, as well as any documentation that closed the investigation if this closed investigation is referring to me. I would prefer, if possible, to receive these documents in an electronic format. If that is not possible, I will accept these items on paper.	10/23/2014

EPA-R3-2015-000416	Jonathan Greenawalt		Dear Gov, I am writing to you as the EPA or relating agency might be able to help me, a student at IUP, with my research project. How can you help? I am needing for my project information, pictures, or anything pertaining to the plot of land where the soon to be built KCAC Hotel is going to be. My project is to create a non commercial use phase I environmental site assessment on the plot of land for the soon to come KCAC Hotel. A phase I environmental site assessment is a report that contains information to help potentially identify contamination and environmental constraints. Since this is an educational project the assessment that I am creating is a mock report that shall not be used for commercial use. Any and all information gathered that I will have in my report will not allowed to be transferred or sold to another party. The report I am creating is not an official report, but rather a practice report. I am wondering if any agency has any old photos of the plot or the surrounding plots/area as to help me determine the history of the land. Old photos will help me determine what type of building or events that happened on the land. Any company information about what was on that plot would be helpful too. These are the type of questions I am trying to ask. Please feel free to email me or call me if a person would like to meet with me. I am under the guidance of Dr. Cercone at Indiana University of Pa.	10/14/2014
